

Math for the 21st Century College Preparatory Math Emphasis (CPM)

Applications

- ✚ develop mathematical reasoning & skills in context, when possible

Make Connections

- ✚ explore ideas → form a conjecture → prove it mathematically

Write Equations & Solve

- ✚ use multiple methods

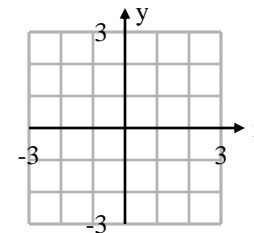

Functions

- ✚ fluency in use of coordinate graphs, tables, and equations

Mastery Occurs Over Time

- ✚ spiral review that builds & expands previous work

Teams

- ✚ develop technical communication skills, be exposed to other ways of thinking & peer support
